APPLICATION GUIDANCE*

For

Livestock

The Town of Wethersfield allows for the keeping of livestock on residential property greater in area than 8,000 square feet. The provisions of Section 3.5.4 of the zoning regulations establish the requirements for pets and livestock. The Town of Wethersfield has created this guide in an effort to summarize the requirements of these regulations for individuals interested in keeping livestock on their property.

*This guide is intended for general guidance only, and does not replace the full zoning regulations and code requirements. Any questions should be directed towards the Town of Wethersfield Building Department, which can be reached at (860)-721-2840.

What Is Considered Livestock? The term livestock includes horses, cows, sheep, goats, hens, rabbits, and similar animals.

What is Considered a Livestock Unit? A livestock unit is defined as follows:

- three (3) sheep, goats, or similar medium size animals whose mature weight is between 30 and 500 pounds; or
- fifteen (15) hens, rabbits, or similar small animals whose mature weight is less than 30 pounds.

The term “farm” shall include farm buildings and accessory buildings, nurseries, orchards, ranges, pastures, greenhouses, and structures used primarily for the raising and incidental sale of agricultural and horticultural commodities. Farms are exempt from the provisions of the following guidelines, as seen in Section 3.5 of the zoning regulations.

- excluding the commercial raising of pigs, commercial slaughtering, commercial reduction of inedible animal matter, commercial kennels, or animal hospitals.

Pets Allowed Without a Permit

The keeping of dogs, cats, and other animals as pets or companions that are housed together with human occupants is Permitted by Right, and thus no permit is required.
