iPhone – Helpful Tips When Traveling

Whether you are traveling by car or airplane, or domestically or abroad, traveling has become more complicated, which means more things to remember and to keep track of. Learn some helpful tips and tricks for easing all the stress and for making travel more fun. See the helpful information that is available on navigation apps. Learn about AirTags and how to use them. Learn how to securely store important documents on your iPhone and how to use the Wallet app for storing credit cards, tickets, and boarding passes. Learn tricks for tracking flights. Learn Apple's "check-in" feature in *Messages* which allows you to share your location so friends and family can locate you in the event of an emergency. Use Apple's standard app, *Journal*, to save all your vacation memories, and *Translate* to communicate when visiting other countries. And learn how to use the calculator on your iPhone as a foreign currency converter.
