Welcome to Wethersfield

Mayor Michael Rell's Message

Welcome to 2022 – a new year that will bring new opportunities, new experiences and I am sure new challenges. 2021 was our year to get out from under the dark cloud of the COVID-19 pandemic and we have begun to do just that with businesses reopening, restaurants serving patrons again, town buildings open to the public and schools filled with students and staff. We had our fair share of difficulties getting to this point and I am sure there will be more along the way, but Wethersfield is a strong community and we rally together.

It is an honor to have the support of the residents and be re-elected as Mayor by my fellow Town Councilors. Wethersfield town staff, Town Council, Board of Education, boards and commissions are comprised of staff and volunteers serving countless hours on the town's behalf. I am grateful to be part of this amazing group of individuals.

This year we welcomed Wethersfield's new Police Chief Rafael Medina III. I am looking forward to his experience in guiding our incredible department made up of many dedicated men and women.

We also welcomed back Interim Town Manager Bonnie Therrien, who served our town as Town Manager a couple years ago. I am confident her expertise will help us in the selection of a new permanent Town Manager.

With the passage of federal legislation allocating federal funds to Wethersfield for various projects and

initiatives, I am confident we will see infrastructure improvements throughout town, including new projects completed and a mix of economic development that will attract more commercial development in town. Many of the town's departments have made requests and this council will look at ways to provide more efficient services to our residents through this funding.

Over the past year, we have seen such an influx of folks taking part in all the great events hosted here in town. The Keane Foundation's Coveside Carnival and Holidays on Main made a huge comeback after a one-year hiatus. We welcomed, for the first time, Bicycles on Main this past spring and it was a huge success kicking off the summer months. Couple that new endeavor with the annual Scarecrows on Main and Porchfest and tens of thousand of revelers came to visit, shop local and eat at some of the region's best restaurants. Wethersfield will build on these successes, and maybe something new is in store for 2022.

I am looking forward to 2022 and continuing on the successes of 2021. I am proud to serve this town with countless other volunteers who strive to make Wethersfield better. It is my hope that residents and businesses will remain engaged in our community and with the help of our neighbors, town staff and elected officials we keep Wethersfield a great place to call home.

Michael Rell

Planning &
Economic
Development

We have also been working hard on some new and current initiatives and on improving the visibility of the town's businesses to residents. Here are some of the things we did this past year:

- Each year we produce the Town Guide and Calendar and work closely with the Heritage Commission to include the beautiful photos furnished by the entrants in the Community Photo Contest;
- Continued to further fund the Façade Improvement Program. To date, we have funded 40 projects and set aside over one million dollars for the program;
- Are revamping, with the Wethersfield Library and CREC, a new "Welcome" gift bag for new residents and businesses with coupons, gifts, special values, and important information from the Town and local business owners;
- Welcomed a number of new businesses to Town with Ribbon Cuttings and Ground Breaking ceremonies;
- In September hosted the 32nd Annual Salute to Business celebrating milestones of our local business community and community organizations, it was wonderfully attended. This year the Betty Rosania Award went to to Dan Silver, one of Wethersfield's finest;
- Reached out to numerous property owners, developers and other interested parties to discuss the development opportunities available in Wethersfield – all to make Wethersfield the Place to Work, Live and Play!

The economic future for Wethersfield is very bright, and we have a lot of great thing in store to make 2022 even brighter. Have a very, very healthy and prosperous New Year!

Mark Trahan, EDIC/RDA Chairman

STORMWATER PERMITTING REQUIREMENTS

STORMWATER PERMITTING REQUIREMENTS

Residents should be aware the Connecticut Department of Energy and Environmental Protection (DEEP) stormwater permit for municipal separate storm sewer systems (MS4s) requires the Town to reduce the amount of stormwater that enters our storm system. Residents can help with this mandate by disconnecting downspouts that discharge directly to the Town's drainage system, driveways or into the road and redirecting rainwater to flow from downspouts to the lawn, landscape beds and other pervious surfaces that allow for infiltration.

To disconnect your downspouts, just follow these simple instructions:

Did you know approximately 1,200 gallons of water flow from a single house (~2,000 sq ft) during a 1 inch rainfall? That is a significant amount of water going down the storm sewer system into our streams! Disconnecting a roof drain is a simple and low maintenance alternative that directs stormwater away from storm sewers and promotes infiltration. Directing downspouts onto a lawn or vegetated area will reduce the amount of water and pollution entering a receiving waterbody. Before rerouting your downspout, it's important to check with your Municipality for permission based on their spacing requirements for stormwater runoff. If rooftop disconnection is ideal for you, then the following steps will help towards this goal:

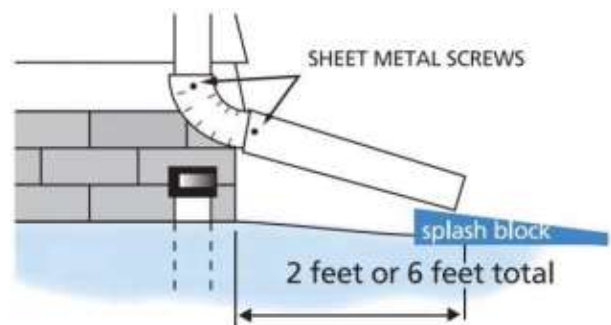

Observe Your Property

- Know your property lines, don't direct runoff toward your neighbors!
- Be aware of the slope of your yard, water will rarely infiltrate on slopes over 10%.
- Measure the amount of lawn available for downspouts to direct water to.
- Keep in mind safety when routing downspouts onto pervious surfaces. Avoid downspout extensions across sidewalks and driveways.

Disconnection Design

- Direct downspouts towards grass or landscaped areas.
- Downspouts can also be connected to rain barrels or drain into a rain garden or stormwater planter.

- The downspout extension should be at least 2ft away from a house without a basement and 6ft minimum from a house with a basement.
- The standpipe which connects into the sewer system should be capped or plugged.

VISION STATEMENT WETHERSFIELD BOARD OF EDUCATION

The Wethersfield Board of Education has created and adopted a vision for the Wethersfield Public Schools that focuses on three areas of central importance to us:

1. **HOW do we educate?** Wethersfield is inspiring our students to become innovative, contributing members of society after they graduate.
2. **WHAT kind of learners do we create?** Our learners are curious, creative, and confident. They know that their learning doesn't end within the walls of the school.
3. **WHY do we approach education the way we do?** The world and our place in it is changing at an unprecedented rate. We face new challenges that require new solutions and need new skills by which to approach these challenges.

REFUSE AND RECYCLING

AUTOMATED RUBBISH COLLECTION

The Town provides each residence with a heavy duty barrel on wheels that is easily rolled to the street. Only refuse contained in the barrel will be collected. A list of acceptable refuse items are listed on the following website: <https://wethersfieldct.gov/physical-services>. Residents have the option of leasing a second barrel for \$250 per fiscal year by contacting Paines, our refuse and recycling contractor, directly at 860-844-3003.

AUTOMATED RECYCLING COLLECTION

Single-stream recycling is here. All recycling items are to be placed in your recycling container provided by the Town. Only recyclables contained in the barrel will be collected. Recycled items include: glass jars, metal cans and aluminum foil products, milk and juice cartons, drink boxes, newspapers, magazines, junk mail, office paper, chipboard, corrugated cardboard, catalogs, magazines, shredded and office paper, newspapers and plastics (#1-7). Residents may request a second recycling barrel, free of charge, if residents fill more than one recycling barrel every two weeks. Recyclable items may also be brought to the Transfer Station (see below). Recycling is picked up every other week. The schedule is located on the Town's website, Paine's website www.painesinc.com or by calling Paines 860-844-3003. Routes start early, barrels should be out by 7 a.m.

FURNITURE AND BULK ITEM FEES

Residents should call Paines (860-844-3003) to schedule a bulk item collection at their home. Paines charges a fee. Some examples of bulk items include: furniture and rugs. Mattresses can be picked up by Paines for an additional fee.

APPLIANCES

For curbside pick-up of appliances (e.g. stove, refrigerator, freezer, air conditioner, hot water heater, dishwasher, washer, dryer) residents may purchase a White Goods Sticker at the Transfer Station. The pick-up of appliances are scheduled for Monday mornings at 7 a.m. State law requires that doors be removed from refrigerators and freezers before they are placed curbside. Residents may bring stoves, dishwashers, hot water heaters, washers and dryers to the Transfer Station at no charge. Appliances that contain Freon are charged \$10.

RECYCLING AT TRANSFER STATION

Residents may bring items to be recycled to the Transfer Station at 100 Marsh Street; Monday & Friday 9 a.m. to 2:45 p.m. and Saturday 8 a.m. to 3:45 p.m. All items recycled at the curb may be brought to the Transfer Station. Please check the website at: wethersfieldct.gov for a complete list of additional items accepted free of charge and those requiring a fee. **The Town reserves the right to refuse loads which are not suited for disposal in the Transfer Station. Examples of refused loads include: large tree stumps, fill, stones and cement. The Transfer Station does not accept any hazardous materials.**

The following donation containers are located at the Transfer Station and are accessible during open hours: Clothing and Home Goods: Charities of Hope, a non-profit organization, has a container for clothing, shoes and home goods. **Books:** Better World Books, a self-sustaining, for profit, social venture has a container for unwanted textbooks and library discards in support of non-profit literacy programs.

HOLIDAY DELAYS

If a holiday falls during the week there will be a day delay in pick-up. Delays in curbside refuse collection typically include: New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving, and Christmas. The refuse/recycling company, Paines, has a motto of "when in doubt, put it out."

HAZARDOUS WASTE COLLECTION

The Metropolitan District (MDC) schedules an annual hazardous waste collection day for Wethersfield. Call 860-278-3809 or visit their website at www.themdc.org.

CHRISTMAS TREE DROP OFF

The Town does not pick up Christmas trees curbside. Residents can drop off Christmas trees at Mill Woods by the skate park or the Transfer Station.

CURBSIDE LEAF COLLECTION SCHEDULE

In the fall, during a published period of time, Town employees collect leaves. Residents should have their leaves raked to curb by the first day of collection in their area. Leaves should be raked in a long row about three feet high and placed on the snow shelf behind the curb, not in the street. Piles must be free of any foreign matter, such as large tree branches and stones. The Town will not make individual spot pickups of leaves. Residents who do not have their leaves raked to curbside by the time of collection in their area must compost them or take them to the Transfer Station.

SNOW REMOVAL

STREETS

It is the Town's responsibility (or the State's if a state highway i.e. Route 3 Maple Street) to clear snow from streets and make them passable for public use. First the Town opens the road, making one swipe down the middle from each side of the road. Once they've done this throughout the whole Town they then go back and widen the road. Residents shouldn't clear their driveway aprons until the roads have been widened or the aprons will fill in with heavy wet snow from the streets.

SIDEWALKS

It is the owners responsibility to clear the snow from the sidewalks within 24 hours after the snow or ice storm ends.

FIRE HYDRANTS

It is the owners responsibility to clear around the fire hydrant within 24 hours after the snow storm ends. The accumulation must be a minimum of four inches below the bottom of the lowest outlet on any fire hydrant. Snow must be cleared within a radius of three feet from the center of the hydrant, and a path three feet wide made to the street.

DRIVEWAYS

When you or your landscaper clears your driveway they cannot push the snow across the street and deposit it in front of your neighbors house. The Town must push back snow as far as it can. This practice can occasionally deposit large quantities of snow on the driveway apron. This can't be avoided. One thing residents can do to minimize the snow on their driveway apron is to pile shoveled snow to the right as you face the street. That way the shoveled snow will be carried down the street and not pushed back into the driveway.

MAILBOXES

In order to provide a fair and uniform resolution to disputes involving mailboxes damaged by Town snowplows and those snowplows contracted by the Town to plow Town roads, the Wethersfield Town Council established the following policy concerning repair/replacement of damaged mailboxes:

- All mailboxes should be securely fastened to a sturdy post which is sufficiently anchored in the ground to resist the impact of plowed snow.
- In accordance with current postal guidelines, the mailbox should be at least nine (9) inches from the curb or edge of pavement in order to prevent contact by the snowplow itself. The height of the bottom of the mailbox should be between 42" and 48" from the road surface.
- If it is determined a mailbox was struck by a Town snowplow, the Town will reimburse the owner \$30 for the post and \$20 for the box. The Town will not repair or replace any mailbox.
- No mailbox or post will be considered for the damage reimbursement if the post shows dry rot or is otherwise unstable.
- The Town will reimburse the owner for damage to the mailbox and/or post only when the Town's snowplow is found to have made direct contact with the mailbox, not when the box is knocked over by snow or slush that is pushed by the plow.

SAND

Sand is available for residents to use on their sidewalks and driveways. You can pick it up at two locations, the Transfer Station at 100 Marsh Street and beyond the tennis courts at Mill Woods Park. Sand is available at the Transfer Station (Monday, Friday and Saturday only) the beginning of November and at Mill Woods Park once we finish picking up leaves from curbside (usually, the beginning of December).

PUTTING SNOW ON THE STREET

Per Town Ordinance

"No person shall lay, throw, blow, place or plow or cause to be laid, thrown, blown, placed or plowed on or into any public street or way any snow or ice from any private property, public or private sidewalk or public right-of-way. If, in the removal of snow or ice from any such property, sidewalk or way, it is necessary to temporarily place snow or ice on any public street or way, such snow or ice shall immediately be removed from the public street or way by and at the expense of the person causing such deposit. The penalty for each violation shall be \$50 and each and every 24 hour period of failure or neglect to comply with the provisions of this section shall be deemed a separate offense or violation."

CENTRAL CT HEALTH DISTRICT

2080 Silas Deane Highway, Rocky Hill, CT 06067
Phone: 860-785-8380 • www.ccthd.org

COVID-19 is among us and will be for the foreseeable future. The Health District Staff reminds you to take precautions even after you receive a vaccination:

The Central Connecticut Health District (CCHD) offers a variety of programs and services intended to help our residents lead healthier lives. Our Environmental Health Programs offer numerous services including licensing and inspection of:

- food establishments
- motels and other types of rooming units
- barbershop, hair and nail salons
- public swimming pools and childcare facilities.

In addition our environmental professionals also review plans for, permit and inspect septic systems and water supply wells. Other environmental health issues addressed include: bed bugs; lead and lead poisoning; mice and rat infestations; and radon.

The District also seeks medical and non-medical volunteers for our Public Health Emergency Preparedness program. As of the writing of this, the Health District is preparing to participate in the Covid-19 vaccination process. If you are interested in participating as a volunteer, please visit this link on our website. <https://www.ccthd.org/volunteer-registration>

CCHD offers a variety of programs and services that are open to all residents. When fees are necessary, they are intentionally kept low to encourage participation. The District actively seeks grants and other funding sources to help keep costs down.

1. Is someone you care about struggling with opioid use? CCHD's "How Can We Help" Program has a Recovery Coach available for those who would like to just talk or would like

guidance to take steps towards recovery. Call 860-785-8380 for information.

2. Do you need help dealing with the issues associated with a loved one's use of opioids? The Friend's and Family Support Group will meet on-line monthly until the pandemic ends. Please join us. You are not alone. Check our website for more information. <https://www.ccthd.org/opioid-program>
3. The Health District also sells low-cost safety-certified bicycle helmets and radon test kits. For more information call 860-785-8380. The Health District, through a program with the State Department of Public Health, has a limited number of free radon tests provided on a first come-first-serve basis.
4. If you, your child or loved one has moderate to severe uncontrolled asthma, CCHD's Putting on Airs (POA) program may be of help to you. POA environmental specialists provide free consultations to investigate the possible environmental triggers of asthma. In addition, certified asthma educators offer detailed instruction in proper use of asthma medications and provide education on the condition of asthma and ways to reduce visits to the doctor and emergency department. These services are provided via a secure on-line medical platform. Please contact Asthma Program Coordinator, Betty Murphy at 860-785-8380 for more information.
5. Annually during the month of October, CCHD holds public influenza immunization clinics. Check our website and Facebook page for details beginning in September.
6. As of this writing, the pandemic still rages on in our area, our state and our country. CCHD has a dedicated pool of contact tracers to help reduce the transmission of this virus and educate people about how to safely isolate or quarantine. In addition, we are working towards offering COVID-19 vaccinations. Please visit our website for updated information on the vaccine roll-out. www.ccthd.org
