I have received the current Town of Wethersfield Ordinance Chapter 139 regulating excavations within the Town right-of-way and agree to complete all improvements in accordance with said Ordinance and all Town standards, specifications and details. I am aware that I must obtain a license and permit prior to commencing work within the Town right-of-way and that failure to obtain these documents is a violation of said Ordinance, which may subject me to arrest and fees that are double the standard rates, and a fine of \$100.00 for every day the violation continues, per Sections 139-18 and 139-24, respectively.

I have received the current Town standard details (Sheets 1-14) pertaining to work within the right-of-way that include pavement repair; bituminous, concrete and granite curb; concrete sidewalk, ramps and associated notes; bituminous and concrete driveway aprons; and restoration of lawn areas.

I am aware that the \$10,000.00 minimum bond I have provided will be held by the Town for a period not less than five (5) years and that I must make all payments to keep said bond in effect throughout this period.
